### COWORK & MAKERSPACE

# 712 INNOVATIONS

The cowork facility offers everything you could want to turn your dreams into reality. Our space welcomes artists, students, and entrepreneurs who need a productive environment that offers social support for your goals.

Members are encouraged to pursue creative ideas, products, and business opportunities. In addition to the space's economic and workforce development benefits, our community's most creative and scientific minds finally have a place to nurture a culture of thinking differently, and innovating. We welcome entrepreneurs, students, artists, and members of the public to join us.

### 712 Vision

To enhance the vitality of our community and economy by creating a cowork space for entrepreneurs to start and grow by providing resources, educational programming and business services to foster economic

development.
