DOWNTOWN DEVELOPMENT

THE HEARTBEAT OF OUR COMMUNITY.

We are investing to make Topeka's downtown bigger, better and even more vibrant. Below are just the beginning of the changes that are coming downtown. In 2018, the Cyrus Hotel will open creating an anchor for the south end of Kansas Avenue. Several new businesses and restaurants are planned to follow as well. Downtown is coming together, and in a few years, we know it will be one of the best.
