

# Traditional Incentive Funding New Business

**Project Name:** \_\_\_\_\_ **Submission Date:** \_\_\_\_\_

The passage of a half-cent county wide sales tax generated for economic development allows our community to focus financial resources on projects that have a substantial impact on the economy. Once all parameters of the project are defined, GO Topeka will provide a clear and detailed incentive package. All proposed incentive packages are contingent upon approval of the GO Topeka Board of Directors and the Joint Economic Development Organization (JEDO).

- › All incentives must be approved prior to project purchases.
- › All incentives are performance based and paid out as earned over a five year period; no clawbacks.
- › This timeline could be expedited to a three-week process to help keep project timelines on track.

## Company Information

Name: \_\_\_\_\_

Address: \_\_\_\_\_
